

## **Arizona Report of Public Agency Performance on Participation and Performance of Children with IEPs on Statewide Assessments**

Note: This report gives information on Indicator 3B–Participation Rate. Other assessment reports give information on Indicator 3A–AYP and Indicator 3C–Proficiency Rate.

### **Indicator 3B–Participation Rate**

Participation rate for students with IEPs on statewide assessments.

#### **Measurement**

The participation rate is the number of students with IEPs participating in the assessment divided by the total number of students with IEPs enrolled during the testing window, calculated separately for reading and math.

#### **Data**

The State regular assessment is the Arizona's Instrument to Measure Standards (AIMS) and the State assessment against alternate standards is the Arizona's Instrument to Measure Standards Alternate (AIMS A).

The participation data are from school year 2010–2011, reported separately for mathematics and for reading. The data include students with IEPs who took the AIMS or AIMS A with no accommodations or using standard accommodations, and includes all students with IEPs (those enrolled for a full academic year and those enrolled for less than a full year). The data include all the grades assessed (grades 3 through 8 and high school). The data are the same as used for accountability reporting under Title I of the Elementary and Secondary Education Act (ESEA).

A public Education agency (PEA) listed with an asterisk (\*) means it had fewer than 10 students with IEPs enrolled in the grades assessed. In these instances, the data are not reported to ensure confidentiality.

### **Mathematics Participation**

**State Target:** 95%

**State Results:** 97.3%
